Internship

OctaNet Services Pvt. Ltd.
Python Development Intern
- Worked on Python programming fundamentals and logical problem-solving.
- Assisted in writing, testing, and debugging Python applications.

TechnoNet
Python Development Intern
- Practiced Python coding through task-based assignments.
- Improved program structure and code efficiency.

Prodigy InfoTech
Generative AI Intern
- Learned core concepts of Generative Artificial Intelligence.
- Gained exposure to prompt engineering and AI-based solutions.

CodSoft
Artificial Intelligence Intern
- Worked on Artificial Intelligence fundamentals and workflows.
- Assisted in understanding intelligent system design concepts.

Studio Artificial Intelligence
Artificial Intelligence Intern
- Gained hands-on exposure to AI concepts and real-world use cases.
- Participated in AI learning and problem-solving activities.

Skills

- HTML
- C
- PYTHON
- SQL
- MS Office

Strengths

- Problem-solving
- Leadership
- Adaptability
- Collaboration & Communication
- Quick learner
- Critical thinking
- Time Management

Projects

Apex Annual Fest
Apex Institute of Engineering and Technology Jan 2024
- Tic-Tac-Toe Game (Python)
- Face Recognition System (Python & OpenCV)
- Rolling Dice Simulator (Python)
- Portfolio Website (HTML, CSS, JavaScript)

QR CODE GENERATOR
- QR CODE SCANNER
- NETFLIX HOME PAGE CLONE
- YOUTUBE HOME PAGE CLONE
- BINARY CALCULATOR

Hobbies

- SPORTS
- HIKING
- BIKE RIDING
- READING

Education

Bachelor of Technology - Computer Science
Apex Institute of Engineering and Technology 2022 - 2026

Certifications

- **Python Basic - HackerRank**
- **Problem Solving Basic - HackerRank**
- **Introduction to Machine Learning - Infosys**
- **Explore Machine Learning Using Python - Infosys**
